

Landers Farms Presents Two Riding/Training Clinics

Our clinicians will ride the horses each day as well as the owners. This unique format develops more success in the horse and rider with a 5 day format. The costs for these clinics are no more than the three day clinics being offered. Auditors get to see the trainers ride all the horses and this is very educational.

April 3-7, 2012 Andrea Lineker will return.

She has completed her program for trainers and is ranked in Germany as Trainer C. She has also completed two years of training to become a judge in Germany. Andrea works for the National Federation in Warendorf. She was a rider for Rudolph Zeilinger for two years and worked extensively with Michael Beining as well as other trainers in Germany. Her horse Crosswinds won in many shows in Germany through Prix St. George. This year Andrea plans to show him at Grand Prix. She has trained this horse and rides other horses for several trainers and owners in Germany. Her quiet approach to the horse and her fluid contact is a constant inspiration for those who watch her ride. Costs per ride per day is \$160.00. Stalls are \$25.00 per day. Auditors are \$25 a day or \$20 for two days or more. Please bring a chair. Light refreshments will be available and a speaker system will be used for auditors. Clinic times will be published later.

April 18-22, 2012 Elmar Schmiehusen will return.

He is a trainer for Rudolph Zeilinger for 20 years as well as riding and training at his own stable. He has ridden many horses to Grand Prix. Auditors will see work at the piaffe and upper level movements. Costs per ride per day is \$175.00. Stalls are \$25.00 per day. Auditors are \$25 a day or \$20 for two days or more. Please bring a chair. Light refreshments will be available and a speaker system will be used for auditors. Clinic times and riders schedule will be published later on the web site www.LandersDressage.com.
