Old Business

New Business

- Discussion on rental of arena letters for 3 month time period.
 - Brainstorm about webinars or education options membership may need. For example, process of filling out award paperwork and award process is complex and maybe a webinar may be of assistance. Possible update to website information. Another example is the award process and score reporting of shows and schooling shows. January and February are good months for webinars. Also a way to connect with volunteers. Reminders to people can also lead back to these webinars. Another might be on areas and warmup etiquette. Another idea is winter safety and riding.
