How Can Pilates Help us Become Better Dressage Riders?

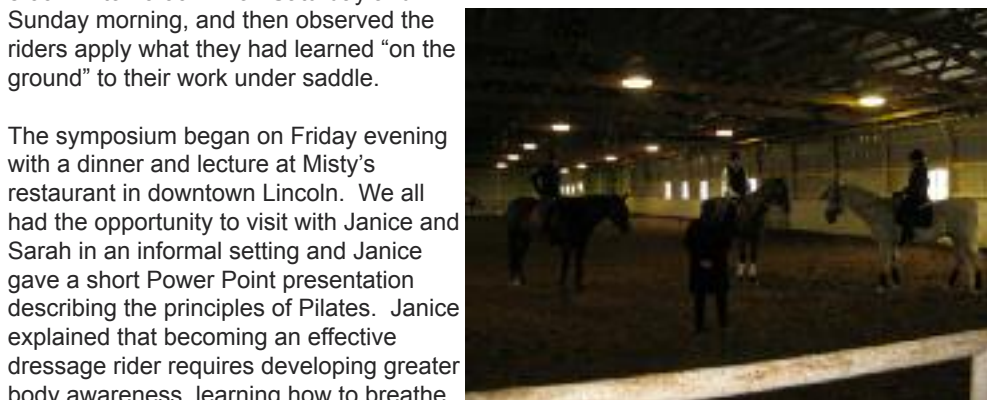

Submitted by Karen Stricklett

On October 9, 10 and 11, 2009, Janice Dulak and Sarah Martin presented their Pilates for Dressage Riders Symposium at the Lincoln Equestrian Center. Despite the inclement weather, there was an enthusiastic group of 14 horse/rider combinations and 2 participating auditors. The participating auditors performed the mat work each day, which took place from 8:00 AM to 10:00 AM on Saturday and Sunday morning, and then observed the riders apply what they had learned "on the ground" to their work under saddle.

The symposium began on Friday evening with a dinner and lecture at Misty's restaurant in downtown Lincoln. We all had the opportunity to visit with Janice and Sarah in an informal setting and Janice gave a short Power Point presentation describing the principles of Pilates. Janice explained that becoming an effective dressage rider requires developing greater body awareness, learning how to breathe correctly, and learning how to stabilize and strengthen the core muscles, otherwise known as "the box".

On Saturday morning, after spending two hours in the basement of Cheri Harker's home working on our floor exercises, we rode in groups of three with Janice, who observed our posture in the saddle as our horses walked and trotted. Janice then helped us make the appropriate adjustments by giving directions such as "stomach in and up", "knit those ribs together", "scoop that pelvis", "wrap those inner thighs" and "armpits down" to maximize proper engagement of our core muscles and to establish that perfect balance between horse and rider. After that, we each had a 30 minute private lesson with Sarah, who provided further instruction about proper use of the rider's body and its effect upon the horse's ability to balance and move freely forward.

On Sunday morning, after spending another two hours working on floor exercises, which were a bit more complex the second day, we paired up into groups of two and each pair had a 45 minute lesson with both Janice and Sarah. Janice would give us instructions about what we were doing with our bodies and Sarah would give us further instructions that were more specific to influencing our horses.

The results were amazing! Most of us were using muscles that we didn't even know that we had; the slightest change in muscle tone or balance was readily felt by the horses. My horse

was thrilled with the changes that she felt in me; her response was to move forward in a relaxed, balanced and rhythmic way. I realized that my hands and arms alone do not create connection and thoroughness. Instead, it comes from the effective use of my seat and core muscles.

Sarah and Janice are hoping to return in the Spring to provide a followup symposium with a different twist. Sarah mentioned that, in addition to learning or brushing up on the floor exercises, they have considered helping the riders to work on specific test movements so that they can learn how to use their body awareness and core muscles to effectively perform such critical test movements as transitions, lateral work, lengthening, and collection.

Janice is a Level 2 Romana's Pilates Instructor with a background in dance and

dressage. Janice is also author of the book, *Pilates for the Dressage Rider*, which is also available in a DVD format. Sarah is a USDF T-4 Instructor and USDF Gold Medalist who travels from her beautiful ranch in Southern Colorado to the Lincoln Equestrian Center on a regular basis to teach clinics.

On another note, I would like to give thank Cheri Harker, for opening up her home each morning to the participants, and to Sandie McConnell for putting this symposium together and for making us all feel comfortable despite the unseasonably cold and wet weather.

The Trip Harting Fund at The Dressage Foundation

Raised in Potomac, MD, where his father founded the Potomac Horse Center, Trip Harting began riding when he was 6 years old. By the age of 15, he became the youngest member of the U.S. Pentathlon Team.

Trip showed jumpers at the grand prix level and competed internationally in three-day events, but he found his true passion in the Dressage ring.

Outside of competition, Trip was revered as a brilliant trainer and clinician. He taught hunt seat equitation, Dressage and eventing for more than 30 years. Trip's real love, however, was working with juniors and young riders.

His extensive involvement with the Junior/Young Rider Dressage program included serving as the chairman for the California Dressage Society and the USDF, directing and managing the CDS junior championships and serving as USDF Region 7 coordinator. In 2001, Trip accepted the position of coach and chef d'equipe of the U.S. Pony Clubs team at the North American Junior Dressage Championship (Ohio). The USPC honored him as a living legend in 2004.

Trip was a longtime member of the US Pony Clubs Dressage Committee, and judged the Dressage division at the USPC Championships on many occasions. He promoted the introduction of musical freestyles and quadrilles into the team competition at Pony Club rallies, and was known for his cheerful encouragement to every rider, "Have a great ride!"

Trip taught young riders many times at the USPC Festival, and was a frequent guest speaker on "The View From C" at USPC Annual Meetings. Trip also helped create the USPC upper level specialty ratings in

Dressage, introduced in 2007. For his last four years, Trip performed countless hours of volunteer work for recovering drug and alcohol addicts and shared his own personal battle with drugs in the documentary film entitled, Trip To Hell And Back, released in early August. The biography won grand prize for best short documentary at the Rhode Island International Film Festival.

Trip Harting,
beloved judge,
coach and clinician,
died on August 21, 2008
in his Los Angeles, CA,
home after a short battle
with liver cancer.
He was 62.

Purpose

The purpose of the Trip Harting Fund at The Dressage Foundation is to provide funding assistance for a Pony Club rider to attend the United States Dressage Federation 'L' Education Program or Instructor Certification Program. Applicants must be current or graduate Pony Club members with a B or A rating.

One annual grant of \$500 is available to the chosen rider, as determined by the Selection Committee. As the Trip Harting Fund grows, additional annual grants may become available.

The Dressage Foundation and the Trip Harting Fund Selection Committee are looking for applicants interested in advancing their position in the sport of Dressage in the United States.

How the Fund Operates

The Trip Harting Fund will continue to grow over time as new donations flow into The Dressage Foundation. The Foundation will continue to award grants based on recommendations of the Selection Committee for as long as the fund balance allows.

Applications can be obtained from our website, www.dressagefoundation.org, or by contacting our office at (402) 434-8585.

A Letter From Our President...

Hi Everyone,

As we start the New Year, I thought I would contact you about NDA. As we look forward to the warm (snowless we hope!) Spring and Summer, I know we all have different goals for our riding this year. Maybe you are starting a young horse or are looking to improve you and your horse's way of going. Others will be looking to move up a level showing or even contemplating that first sortie down the center line in your first competition. As we look ahead to planning events for the New Year, I was thinking I would like to hear from you. What would you like to see for educational clinics? Bear in mind that if you think big name, how much are you prepared to spend for a lesson with that clinician? Maybe some of you would be interested in preparing a Freestyle ride? This is your Association so the Board and I would love to hear any ideas that you have. We would also love to hear about any events /clinics at your barn. How can NDA help? Certainly we can help get the word out.

On that note, we need your help to make these things happen. We are looking for enthusiastic members to volunteer to help with planning and organizing events on the Education Committee. This is an enormous undertaking. I know Loye Jaeger has been working hard and will be organizing the Horse Expo and other events. Karen Stricklett has also taken on the challenge of the Education Committee. If you have ideas or would like to join the Committee, please let me or another Board Member know. We would love to have you and you don't need to be a member of the Board to join these committees.

I know the Competition Committee is working hard to bring together the Classic. We hope to see you there showing and helping. At the end of the day, NDA needs your help to bring all these events together.

Best Wishes for a Happy and Successful New Year!

Gillian Howell,
ghmetson@cox.net
NDA President.

Dear Region 4 Newsletter Editors,

I have sincerely enjoyed our e-communications and, whenever possible, face-to-face opportunities to share our love of dressage and desire to build Region 4 the past three years I have served as USDF Region 4 Director. You guys are the people who help keep our members connected, engaged, and members of a learning/supporting community. Thank you! I know how much work it is and sincerely appreciate your continued enthusiasm and creativity!! I love reading your work and learning what is going on in your GMO and recommend you keep the next Region 4 Director on your distribution lists, as well. One last project of mine as I transition from the USDF executive board is the voluntary [USDF Region 4 On-Line Book Club on Facebook](#). The speed of expressed interest has been heart warming to me. Please go browse around and let me know what you think.

The Region 4 yahoogroup, of course, is still up and going --sharing lots of information and calendar items -- at www.yahoogroups.com/group/USDFRegion4. Please don't hesitate to use that to let others in Region 4 know what is going on at your GMO or to share information from the listserve or web-site with your members, as you see fit. The Digest feature can be useful in minimizing the number of individual emails you receive.

All my best to you in your dressage endeavors and rest of your lives!

Cheers,
Sarah

Are these Dressage Riders?

NDA Members Julie Hutfless and Molly Pearson traveled to Lincoln Equestrian Center in early November to attend the Pony Posse's short course event fun day. The event was a smashing success and tons of fun was had by all. Fuzzy and Lucy enjoyed changing up the routine a bit, even if jumping those logs was a little bit scary!

Thanks to Lincoln Equestrian Center and the Pony Posse for a GREAT day!
